HEMP BACKPACK BLACK - HF0016  
55% hemp, 45% organic cotton,  
Leather - 44 x 33 x 15 cm

A space wonder with practical inner section. Simply everything fits in here! The spacious main compartment of this study backpack can be opened almost completely if need be, thanks to a split, run-around zip. With a zip pocket attached to the front and two practical side zip compartments on the inside. The padded rear section of the backpack and the padded, adjustable shoulder straps ensure plenty of comfort when carried - even with heavy contents. The hand carry straps and the backpack base are reinforced with leather strips, the backpack base also has metal stoppers.

You wouldn't think to look at it, but this mini backpack really packs a punch. Despite its small volume it offers lots of storage space, and is ideal if you're on a shopping tour. The main compartment, which can be closed with a drawstring, is set beneath a flap with a magnetic clasp. There is a small separate zipped pocket located within the main compartment. Especially practical: the decorative buckles on the front of the bag are closed with practical magnets, meaning that you can quickly access your items. The base has been reinforced with leather strips and metal stoppers to generate stability; the 4 cm-wide shoulder straps are length-adjustable.
